Program Report

1. **Program Name:** IPR Awareness programme
2. **Program Type:** Orientation Program
3. **Organized By :** Office of the controller general of patents, design and trademark
4. **Theme :** Creating awareness regarding IPR
5. **Academic Year:** 2021-2022
6. **Quarter:** Q1
7. **Date:** 7th January, 2022
8. **Total number of participants:** 365
9. **Mode:** Online
10. **Budget/ Expenditure:** Not Applicable

Summary of Event:

The webinar on IPR Awareness program was organised by Office of the controller general of patents, design and trademark in association with school of life science and Biotechnology along with Center for Incubation, Adamas University. The resource person of the event was Shri Sanjay Bhattacharyya. The coordinator of the webinar was Dr. Sankhadeep Pal, Dr. Subhendu Bandhpadhayay and Dr. Saptarshi Chatterjee. The webinar took place on 7th January, 2022 from 2:30 pm to 4:30 pm. The steps of filing a patent was discussed in the orientation session.

Objective:

The main objective of the program was to create awareness regarding IPR on the occasion of celebrating Azadi ka Amrit Mahotsav.

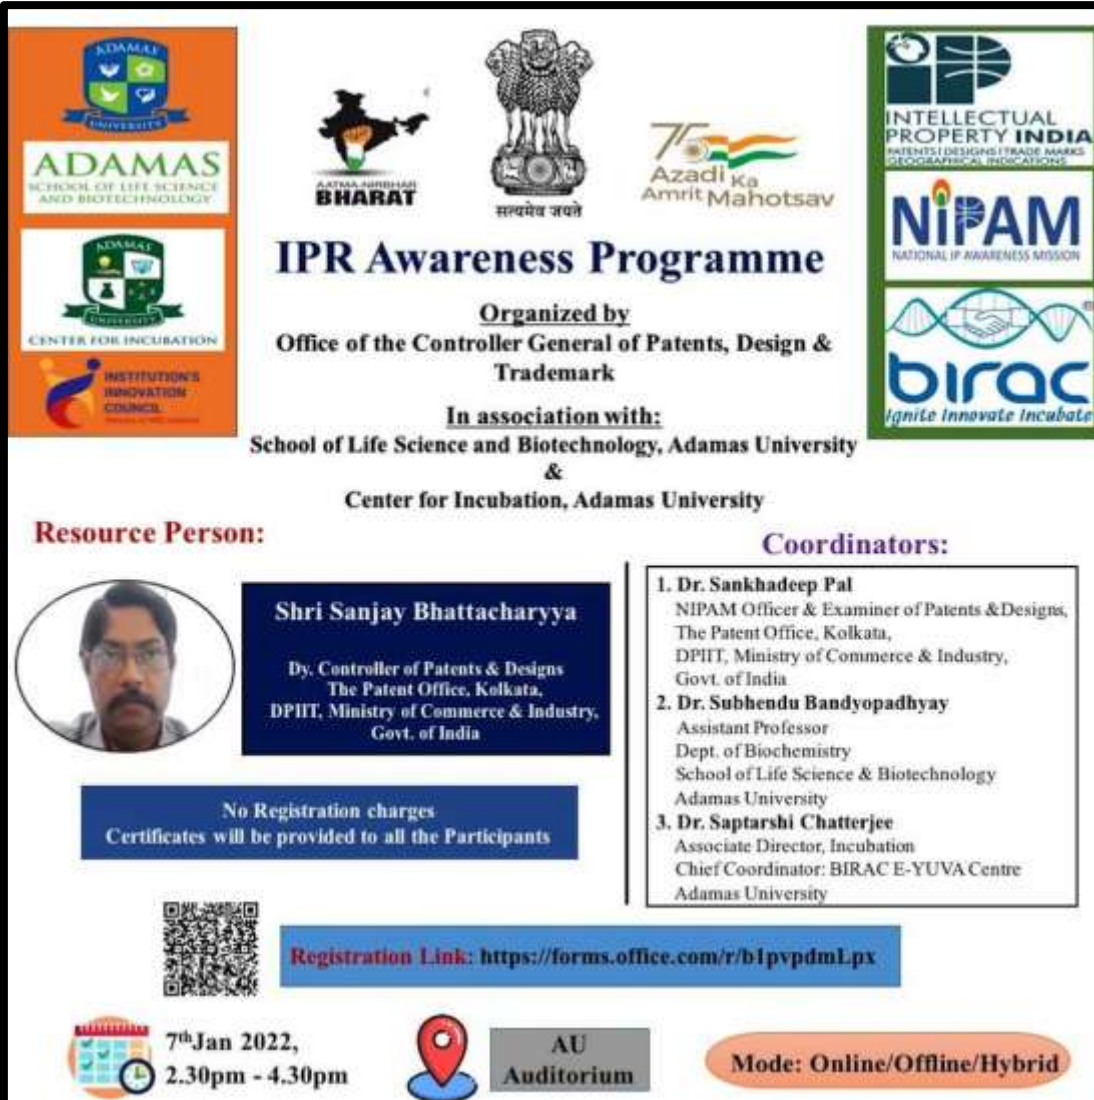

Event details:

On 7th January, 2022 a webinar was organised by Office of the controller general of patents, design and trademark in association with School of Life Science and Biotechnology, Adamas University and Center for Incubation, Adamas University at 2:30 pm to 4:30 pm. Shri Sanjay Bhattacharyya (Controller of patents and designs, The patent office, Kolkata) was the speaker of the webinar and the entire program was coordinated by Dr. Sankhadeep Pal (NIPAM Officer of Patents and Designs, The patent office Kolkata), Dr. Subhendu Bandhpadhayay (Assistant Professor, Department of Biochemistry, School of life science and Biotechnology) and Dr. Saptarshi Chatterjee (Associate Director of Incubation Center

and Chief Coordinator of BIRAC E-YUVA Centre). This orientation program has helped the participants to gather information related to IPR Policies and figure out the differences between Patent, Trademark, Copyright. With the help of IPR, the rights of the inventors are being safeguarded and the individuals get proper recognition in their field of work. In order to file a patent an invention has to be novel, should include inventive steps and must have some industrial application in it. This orientation has encouraged the interested participants to become a patent agent by profession and participants became aware about further scope related to this field.

11. Mandatory Submission:

a) Flier

The flier is a promotional poster for an IPR Awareness Programme. It features logos for Adamas University, the Government of India, and various IP-related organizations like NIPAM and BIRAC. The text is centered and organized into sections for organization, association, resource person, coordinators, registration details, and event information.
