3. **Theme:** Problem identification and get probable solutions
4. **Academic Year:** 2021-2022
5. **Quarter:** Q2
6. **Date:** 29<sup>th</sup> December, 2021
7. **Total number of participants:** 37
8. **Mode:** Offline
9. **Budget/ Expenditure:** Not Applicable

#### **Summary of Event:**

On 29<sup>th</sup> December 2021 a survey has been conducted by E-YUVA Centre, Adamas University (Supported by BIRAC) to identify problems in search of solutions. Students from various schools and departments have participated in the survey to share their views and ideas. Students gave different problem statements and a general discussion was done to collect ideas from people belonging to different backgrounds and cultures.

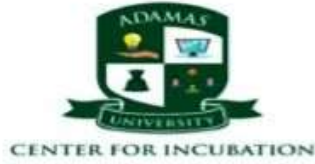

**Objective:** To understand Different problems and find potential solutions to make the life easier

#### **Event details:**

A survey was conducted by E-YUVA Centre, Adamas University (Supported by BIRAC) on 29<sup>th</sup> December 2021. The theme of the survey was to identify problems and get probable solutions to overcome the problem. Mainly UG and PG students from different departments of the University participated in the survey to share problem statements. All the students shared their view to get probable solutions of the problem. It was interesting to find that a single problem has multiple solutions and discussing problems with the mass has helped to understand the root cause of the problem. Gathering ideas from multiple people has helped to eliminate the problem from all the sections of the society with appropriate idea implementation. As a result of idea generation, multiple scopes of jobs were heighted to get rid of financial crisis.
